

Rebecq, May 2018

A few words from Wing Commander Jack Harris, OBE, DFC

After passing my 97th birthday and enduring a mini-stroke last October, my travelling days are over and I am particularly sorry to have to miss this year's ceremonies at Rebecq. However, many good memories of Rebecq remain. I and the 550 Squadron Association are very grateful to the Organising Committee and the citizens of Rebecq for building the wonderful Memorial Stone for the Pilot Officer Purney crew and the members of the Belgian Resistance who gave their lives in May 1944. Thank you all and well done Rebecq and Belgium.
